about this release

this is the first part in a series of two: a project that has been waiting for a while but now finally sees daylight. side a: "spring" is a peaceful, serene and yet driving track. this 10 minute transition from winter into summer tells the story of the hemisphere beginning to warm significantly as the earth's obliquity is toward the sun - resulting in a time of growth, renewal and of new life being born. the cycle of life beginning again as warm air begins to invade our side of the planet. side b: established dj/producer shinedoe (100% pure) remixes "spring" into a severe storm! this alternate version shows this season from its other side. dark clouds are gathering over detroit and warm air spreads from lower latitudes while this bass driven track is pushing you on the dance floor or out in the rain to dance. side c: "summer" is a 17.30 minute track and was recorded in one take. this hypnotizing breeze into fruition, fulfillment, happiness and beauty is a never ending reflection of the season with the longest and warmest days of the year. the season of the midnight sun when twilight is known to last at least an hour or, in this case, just over a quarter of an hour! side d: upcoming talent quince (delsin artist formally known as quinn) is the second dutch artist to do a remix. after getting great response worldwide from peeps like laurent garnier, rolando, âme, fabrice lig, dan curtin, josh wink, anthony "shake" shakir for his own productions, quince shows us what to do when the red burning sun dives into the sea and darkness fills the land. this pumping, string driven mix will make you dance till dawn! melon is proud to present you "four seasons part 01", with great respect and gratitude to the dutch electronic music scene.

reviews

de:bug / review / nr 1 charts / november 2006

einer der besten tracks des montas ist definitiv "spring" von melon. harfig verstreute glöckchen, sanfter groove, detroitige undertöne, solche tracks gibt es immer wieder, meist laufen sie ewig, oder man würde es wenigstens wünschen, und genau so ist es bei "spring". leicht, federnd, fast so als würde es in den ohren schmelzen. ein track, der einem deutlich sagt, dass musik manchmal der bessere eismann ist. darauf folgt ein innersphere mix des tracks, der dem ganzen eine beklemmende atmosphäre einhaucht, die aber dennoch verzaubert und magisch wirkt und mit den immer wieder ausbrechenden bässen ein sehr elegisches feuer entfachen kann. der zweite track (das ist eine doppel-12") von melon, "summer", kommt mit grillen-zirpen, verführerisch duftenden sounds und einer bassline, die sich um einen legt wie die wärme eines sonnenstrahls. auch das magisch. die rückseite mit dem eher schmetternden raveremix von quince, der nicht zu unrecht "darkness" im titel führt, scheint überhaupt nicht auf die ansonsten sanfte, besonnene und extrem deepe platte zu passen. aber dennoch braucht man dieses release diesen monat. *bleed*

groove magazine / review / nr 8 charts / november / december 2006

der in amsterdam lebende schweizer melon bringt mit dieser veröffentlichung sein neues label namens ratio? an den start. die tracks kommen leider etwas zu spät, wären sie doch für die outdoorsaison eine große bereicherung gewesen. aber für gute musik ist es nie wirklich zu spät. die originale von „spring“ und „summer“ sprühen vor lebenskraft und sind tolle, verträumt-minimale epen jenseits der 10-minuten-marke. der shinedoe remix von „spring“ lässt düstere wolken über amsterdetroit aufziehen und setzt die zeichen voll auf club. ein hit! der quince-mix von „summer“ ist leider ganz schlimm. trotzdem: gelungene platte!

djbroadcast / review / nr 2 charts / november / december 2006

deze eerste release van melon op zijn eigen ratio? label oogst hysterische kritieken in de internationale scene. met remixes van shinedoe en quince. *er!c b young*

dj mag / review / november 2006

i'm not into musical 'concepts', so can this first in a series of themed doublepacks impress on a musical level? 'spring' is beautifully fragile house music, with light melodies unravelling over understated beats, and shinedoe's version adds a mysterious edginess and ups the tempo to driving. unfortunately from that point onwards, 'seasons' disappoints with samey ambience and textbook detroit techno. if melon had kept the release to a single disc, it would have been something really special. *richard brophy*

smallville records / november 2006 / review

first installment of melon's 'four seasons' series is spring and summer and, my word, it's a lovely package. coming as a double pack with the original tracks plus remixes from shinedoe and delsein's rising star quince. deep, floating and beautifully put together techno tracks with a vintage, yet contemporary feel that harks back to detroit's heyday, but manages to retain an up to date european sound as well. quince's mix, in particular, is an upbeat, melodic and chord driven track par excellence, but to be honest, the whole ep is pure quality. for those into soulful techno sounds this really is an essential release.

feedback

monika kruse / terminal-m / electric avenue

a great release. i play it in every set. warm sounds cool arrangement. and shinedoes rmx is rocking as well. i need more stuff like that!!!

karotte / great stuff

i have play today in my show your track in the shinedoe rmx and i have say that this are my track of the month especialy the 12 minutes live mix. i will play this mix next week in my show. i love it!!!!

tobi neumann / playhouse / cocoon

melon... your music is lovely! i really like it very much! i love this record! both versions are beautyful, harmonic and groovy without being too eclectic. also nice and dark shinedoe remix of it. full support!

tobi neumann / playhouse / cocoon

melon, a well known house dj from amsterdam, released his first record. just a beautyful soft harmonic track with a dark and groovy shinedoe rmx. a track for sunrise or the twilight-zone.

de:bug magazine / rene

i have made it to the no1 continental-record of the month!

groove magazine / thilo schneider

the "spring" track from melons "four seasons ep" is wonderful!

international freakshow / edgar

damn good stuff!

paul mac / stimulus / c-side

to be honest thought the originals where just a little bit too slow developing on this one but liked the two remix's in particular the quince one got a vintage terrace sound going on string work in the break is sublime pretty good first release for a new label.

fabrice lig / f-com / ray gun / kanzleramt

original tracks are nice, good to listen quietly at home...(a1/b1). really like the shinedoe's mix, its dark, its basic, it rocks ! quince made a really beautiful mix too. nice one! nice project....

peal seamus / delsin records

that summer track is amazing!! manuel gotshing flavours all around!

laurent garnier / f-com

super deep, beautiful piece of work, i love it!

ricardo villalobos / playhouse / perlon

your double ep is very nice!

mark broom / pure plastic

it's the quince remix for me... soulful spectacular!!

sasse / freestyle man / moodmusic records

i love the original, quince and shinedoe, actually all mixes. very good production!! but most of all i love the quince remix, deep shit! love it!! also great to see melon getting into production, great start!!

âme / kristian / innervisions

i really like your first record! killer release!!! the shinedoe remix and the original are perfect, full support!

funk d'void / soma

i like the quince remix of four seasons....

djinxx aka electronic resistance / sahkatek

so sexy..really good quality... nothing to say much... just perfect to play and to listen chillin' out!

benny rodrigues / ovum / underwater

like all mixes but shindeoe's and original are the 2 for me....brings me back to the oldskool. orginal even sounds a bit "fairytail" for me....

sascha funke / b-pitch

i really like the record, especialy the loooooong side!

violett / telegraph / unfoundsound / buenos aires / argentina

i listened spring, and then, i wanted to say, thank you. its a really amazing track, i can feel a lot there. thanks again.

micel de hey / ec records

super plaat! de origineel tracks vind ik erg bijzonder en ben erg onder de indruk van de heer melon. verder de remix van quince is natuurlijk een dijenkletser van hier tot aan amsterdam!

cassy / panoramabar / perlon

i love the shinedoe remix for playing!!! melon's tracks are very beautiful!

vincent lemieux / musique risquée / mutek

your last record is fantastic. my favorite tunes for the moment. continue the good work!

filterwolf / living records

super music, keep it up!

jack ridella / milano

spring, what a music!!!!!! great release!!!

ruin / groove / dorf disco

fantastic ep!

freamon / newhsoul / house rules

i love your peaceful serene yet driving sound!

marcus worgull / innervisions

i really like the summer tune!

rolando / the aztec mystic

the quince and indian summer mixes are nice, but it's shinedoe's mix that rocks.... gets played in all my sets.

nuno dos santos / compost black

great first release from the mighty melon! love all versions for playing and homelisting!

steve rachmad / music man / sino

vind die lange track op de dubbelaar erg cool! lekker trippie!

jorge savoretti / esperanza / telegraph / igloo / argentina

i love spring man! very nice track :)
